On 19 Nov 96, the Office of Legal Counsel (OLC) of the Department of Justice issued an opinion entitled “Service on the Board of Directors of Non-Federal Entities by Federal Bureau of Investigation Personnel in their Official Capacities.” The opinion’s conclusion, which is stated on page 1 of the opinion, is as follows: “Section 208 of title 18 prohibits a government employee from serving on the board of directors of an outside organization in his or her official capacity, unless the service is authorized by statute or the employee obtains either a release of fiduciary obligations by the organization or a waiver of the requirements of section 208.”

Conflict of interest – 5 CFR 2635.502 (appearsance of impartiality rule)

5 CFR 2635.502 (the appearance of impartiality rule)
5 CFR 2635.702(d) states:

“Performance of official duties affecting a private interest. To ensure that the performance of his official duties does not give rise to an appearance of use of public office for private gain or of giving preferential treatment, an employee whose duties would affect the financial interests of a friend, relative or person with whom he is affiliated in a nongovernmental capacity shall comply with any applicable requirements of Sec. 2635.502.”

MEMORANDUM FOR: Employee

FROM: Supervisor (Commissioned Officer or GS-12/higher)

SUBJECT: Appearance of a Conflict of Interest

1. Your position with the Air Force gives you the opportunity to participate in particular matters likely to have a direct and predictable effect on the financial interest of the Name of former
employer, for whom you formerly worked. This creates circumstances that raise a question regarding your impartiality in performing your duties for the Government.

2. After considering the six factors listed below, I have determined that the government’s need to have you participate in your duties as a Government employee outweights/does not outweigh the concerns that would result from having you participate in any matters possibly beneficial to your former employer. You therefore may/may not participate in particular matters likely to have a direct and predictable effect on the financial interest of Name of former employer.

3. In making my determination, in accordance with 5 CFR 2635.502(d) I have considered:
   [For each factor, give a brief description of the facts in this case.]
   -- The nature of the relationship involved;
   -- The effect that resolution of the matter would have upon the financial interests of the person involved in the relationship;
   -- The nature and importance of the employee's role in the matter, including the extent to which the employee is called upon to exercise discretion in the matter;
   -- The sensitivity of the matter;
   -- The difficulty of reassigning the matter to another employee; and
   -- Adjustments that may be made in the employee's duties that would reduce or eliminate the likelihood that a reasonable person would question the employee's impartiality.

4. I also considered that you have been reminded of your obligations under 5 CFR 2635.703(a) to not disclose “non-public information” to further the private interests of any individual, company or organization.

Currently, the only authority to use Air Force appropriated funds for gifts is AFI 65-603, which specifies the circumstances and the individuals to whom gifts (or “mementos”) may be presented.”

“The Office of Government Ethics consistently has advised that a gift of attendance in a skybox or private suite is determined by adding the market value of the most expensive publicly available ticket to the event to the market value of the food, parking and other tangible benefits provided in connection with the gift of attendance. Assume, for example, that an employee is offered free admission for two to a private suite at an arena to view a music concert. The most expensive ticket available to the public at retail for that event is $150. However, in addition to the value of entrance to the event, attendance in the private suite comes with food and beverages provided during the concert valued at $50 per person and a parking pass with a market value of $25. Thus, the total value of the gift to the employee is $425: $300 for the admission for two, plus $100 for the food and beverages for two, plus $25 for the parking pass. [Footnote omitted.]”

ON

AIR FORCE EMPLOYEES GIVING GIFTS TO A PCS’ING SUPERIOR

PURPOSE

To state the key rules on AF employees giving PCS gifts to superiors. The term “employee” refers to military members and civilian employees.

DISCUSSION

- An individual subordinate may give a gift to a PCS’ing superior. There is no dollar limit on the gift. However, the gift must be appropriate to the occasion. [5 CFR 2635.302(b)]

- Gifts from a group containing one or more subordinates.

  -- A PCS gift from a group containing one or more subordinates (a “donating group”) may not have a market value over $300. [DoD 5500.7-R, Joint Ethics Regulation (JER), para. 2-203a] However, the cost of food, refreshments and entertainment provided to the PCS’ing employee and his or her personal guests to mark the occasion for which the gift is given shall not be included in determining whether the value of a gift or gifts exceeds the $300 limit. [JER para. 2-203a(1)]

  -- There is no limit on the number of donating groups that may give a PCS gift to a superior. However, the number should be based on common sense and reasonableness. [See Opinion of The Judge Advocate General of the Air Force 1995/67, 15 Aug 95]

  -- It is permissible to solicit other AF employees to contribute to a PCS gift. [5 CFR 2635.304(c)] The solicitation may include a suggested dollar amount. [5 CFR 2635.304(c)(Example 5)] If the solicitation includes a suggested dollar amount, the solicitation must include the following language (or words to this effect): “You are free to give less or nothing at all.” [5 CFR 2635.303(f); 5 CFR 2635.304(c)(Example 5)] If the solicitation includes a suggested dollar amount, that amount may not be more than $10. [JER para. 2-203b] The solicitation should state that contributions must be voluntary. AF employees may not coerce or pressure other AF employees to make a contribution. [5 CFR 2635.303(f)] It is permissible to contribute more than the suggested dollar amount for a PCS gift. For example, if the PCS gift will cost $100, the suggested contribution is $5, and the solicitation yields only $75, an employee may volunteer to contribute more than $5 to make sure the $100 cost is covered.

  -- Contractor employees may not be solicited to make a contribution to a PCS gift. [5 CFR 2635.202(a)(1)] If a solicitation e-mail is sent to a mail group containing contractor employees, the e-mail must make clear that the solicitation is directed at AF personnel and not at contractor personnel.

Information Paper on Federal Employees Accepting Travel Benefits from Non-Federal Sources

Introduction. There is a Federal law (31 USC 1353) that permits Federal agencies to accept gifts of travel expenses from non-Federal sources. The key provisions of the law’s implementing regulations are set forth below.

Basic rule. “[A Federal agency] may accept payment from a non-Federal source or authorize an employee and/or the employee’s spouse to accept payment on [the agency’s] behalf only when-

(a) [The agency has] issued the employee (and/or the employee's spouse, when applicable) a travel authorization before the travel begins;

(b) [The agency has] determined that the travel is in the interest of the Government;

(c) The travel relates to the employee's official duties; and

(d) The non-Federal source is not disqualified due to a conflict of interest under Sec. 304-5.3.” [41 CFR 304-5.1]

When this law may be used. Gifts of travel expenses may be accepted under this law in order to attend “a conference, seminar, speaking engagement, symposium, training course, or similar event that takes place away from the employee's official station.” [41 CFR 304-2.1] The event must take
place away from your duty station for you to be able to accept travel expenses under this law. Examples of events for which travel expenses may be accepted under this law include:

“(1) An event where the employee will participate as a speaker or panel participant focusing on his/her official duties or on the policies, programs or operations of the agency.

(2) A conference, convention, seminar, symposium or similar event where the primary purpose is to receive training other than promotional vendor training, or to present or exchange substantive information of mutual interest to a number of parties.

(3) An event where the employee will receive an award or honorary degree, which is in recognition of meritorious public service that is related to the employee's official duties, and which may be accepted by the employee consistent with the applicable standards of conduct regulations.” [41 CFR 304-2.1]

When this law may not be used. Gifts of travel expenses may not be accepted under this law in order to attend “a meeting or other event required to carry out an agency's statutory or regulatory functions (i.e., a function that is essential to an agency's mission) such as investigations, inspections, audits, site visits, negotiations or litigation.” Gifts of travel expenses may not be accepted under this law in order to attend “promotional vendor training or other meetings held for the primary purpose of marketing the non-Federal sources products or services.” [41 CFR 304-2.1]

Approval. “May my agency or I accept payment for travel expenses to a meeting from a non-Federal source? Yes, you or your agency may accept such a payment from a non-Federal source, but you may only accept when your agency specifically authorizes such acceptance under the requirements of this part. Except as provided in Sec. 304-3.13 of this part, your agency must approve acceptance of such payment in advance of your travel.” [41 CFR 304-3.3]

Approval authority. “Who must approve acceptance of payment from a non-Federal source for travel expenses to a meeting? An official at the highest practical administrative level who can evaluate the requirements in Sec. 304-5.3 [the conflict-of-interest test], must approve acceptance of such payments.” [41 CFR 304-5.2]

The DoD’s Joint Ethics Regulation, para. 4-100c, states: “Any official travel benefits from non-Federal sources accepted by the travel approving authority must be: (1) Approved in writing by the travel approving authority with the advice of the DoD employee’s Ethics Counselor; (2) If accepted under the authority granted by 31 U.S.C. 1353…, approved in advance of travel.”

Conflict of interest test. “What does our approving official need to consider before authorizing acceptance of payment from a non-Federal source for travel expenses for a meeting?

(a) The approving official must not authorize acceptance of the payment if he/she determines that acceptance of the payment under the circumstances would cause a reasonable person with knowledge of all the facts relevant to a particular case to question the integrity of agency programs or operations. The approving official must be guided by all relevant considerations, including but not limited to the--
(1) Identity of the non-Federal source;

(2) Purpose of the meeting;

(3) Identity of other expected participants;

(4) Nature and sensitivity of any matter pending at the agency which may affect the interest of the non-Federal source;

(5) Significance of the employee's role in any such matter; and

(6) Monetary value and character of the travel benefits offered by the non-Federal source.

(b) The agency official may find that, while acceptance from the non-Federal source is permissible, it is in the interest of the agency to qualify acceptance of the offered payment by, for example, authorizing attendance at only a portion of the event or limiting the type or character of benefits that may be accepted.” [41 CFR 304-5.3]

Accepting travel expenses for travel by a Federal employee’s spouse. “May a non-Federal source pay for my spouse to accompany me to a meeting? Yes, a non-Federal source may pay for your spouse to accompany you when it is in the interest of and authorized in advance by your agency. All limitations and requirements of this part apply to the acceptance of payment from a non-Federal source for travel expenses and/or agency reimbursement of travel expenses for your accompanying spouse. Your agency may determine that your spouse's presence at an event is in the interest of the agency if your spouse will-- (a) Support the mission of your agency or substantially assist you in carrying out your official duties; (b) Attend a ceremony at which you will receive an award or honorary degree; or (c) Participate in substantive programs related to the agency's programs or operations.” [41 CFR 304-3.14]

Soliciting a gift of travel expenses. “May I solicit payment of my travel expenses from a non-Federal source to attend a meeting? No, you may not solicit payment for travel expenses from a non-Federal source to attend a meeting.” [41 CFR 304-3.5] “May I inform a non-Federal source of my agency's authority to accept payment for travel expenses to attend a meeting? Yes, you or your agency may inform the non-Federal source of your agency's authority to accept payment for travel expenses to attend a meeting.” [41 CFR 304-3.6]

Reporting travel expenses received. “Must I provide my agency with information about any payment I receive on its behalf? Yes. Your agency must submit to the U.S. Office of Government Ethics (OGE) a semiannual report (SF 326) of all payments it accepts under this part. You must be prepared to give your agency the information it needs in order to submit its report.” [41 CFR 304-3.15]

“What form must we use to report payments received by the agency from non-Federal sources? Your agency head or designee must submit Standard Form (SF) 326, Semiannual Report of Payments Accepted From a Non-Federal Source (fully completed) to report payments received from non-Federal sources. This applies to all payments that are more than $250 per event for an
employee and accompanying spouse. For purposes of the $250 threshold, payments for an employee and accompanying spouse shall be aggregated.” [41 CFR 304-6.4]

Financial disclosure reports. “If I am required to file a confidential or public financial disclosure report, must I report travel payments I receive from a non-Federal source on that report? Generally, no. As long as payments you receive from a non-Federal source are made to or on behalf of your agency, you are not required to report them as gifts on any confidential or public disclosure report you are personally required to file pursuant to law or Office of Government Ethics (OGE) regulations (5 CFR part 2634). …The confidential financial disclosure report is OGE Form 450 and the public financial disclosure report is SF 278.” [41 CFR 304-3.17]

Limits. “Am I limited to the maximum subsistence allowances (per diem, actual expense, or conference lodging) prescribed in applicable travel regulations for travel expenses paid by a non-Federal source? Generally yes. Subsistence expenses are usually limited to the maximum subsistence allowances (per diem, actual expenses or conference lodging) prescribed in chapter 301 of this title for travel in CONUS, by the Secretary of Defense for travel in non-foreign areas and by the Secretary of State for travel in foreign areas. However, acceptance of payment for, and when applicable, reimbursement by an agency to an employee and the accompanying spouse of such employee are not subject to the maximum per diem or actual subsistence expense rates when traveling in CONUS or in non-foreign areas under the following conditions:

(a) The non-Federal source pays the full amount of the subsistence expense, as authorized by your agency; and

(b) The subsistence expense paid by the non-Federal source is comparable in value to that offered to or purchased by other meeting attendees; and

(c) Your agency has approved acceptance of payment from the non-Federal source prior to your travel; if your agency has not approved any acceptance from the non-Federal source, you may not exceed the maximum allowances. See Sec. 304-3.13. Note: The maximum subsistence allowances established by the Secretary of State for travel to foreign areas may not be exceeded.” [41 CFR 304-3.11]

Payment guidelines. “May we accept a monetary payment in the form of cash from a non-Federal source? No, you may not accept a monetary payment in the form of cash from a non-Federal source. Monetary payment(s) received from a non-Federal source must be in the form of a check or similar instrument made payable to the agency.” [41 CFR 304-6.1]

Definitions. “Non-Federal source means any person or entity other than the Government of the United States. The term includes any individual, private or commercial entity, nonprofit organization or association, international or multinational organization (irrespective of whether an agency holds membership in the organization or association), or foreign, State or local government (including the government of the District of Columbia).” [41 CFR 304-2.1]

“Payment means a monetary payment from a non-Federal source to a Federal agency for travel, subsistence, related expenses by check or other monetary instrument payable to the Federal agency (i.e., electronic fund transfer (EFT), money order, charge card, etc.) or payment in kind.” [41 CFR
304-2.1] “Payment in kind means transportation, food, lodging, or other travel-related services provided by a non-Federal source instead of monetary payments to the Federal agency for these services. Payment in kind also includes waiver of any fees that a non-Federal source normally collects from meeting attendees (e.g., registration fees).” [41 CFR 304-2.1]

“Travel, subsistence, and related expenses (travel expenses) means the same types of expenses payable under chapter 301 of this title, the Foreign Affairs Manual (FAM), and the Joint Travel Regulations (JTR) for transportation, food, lodging or other travel-related services for official travel (e.g., baggage expenses, services of guides, drivers, interpreters, communication services, hire of conference rooms, lodging taxes, laundry/dry cleaning, taxi fares, etc).

These expenses also include conference or training fees (in whole or in part), as well as benefits that cannot be paid under the applicable travel regulations, but which are incident to the meeting, provided in kind, and made available by the meeting sponsor(s) to all attendees. For example, this definition as applied to this chapter would allow an employee or spouse to attend a sporting event hosted by the sponsor(s) in connection with the meeting that is available to all participants. However, it would not allow the employee to accept tickets to a professional sporting event, concert or similar event, for use at a later date even if such tickets were given to all other participants.” [41 CFR 304-2.1]

W**riting Letters of Recommendation**

We routinely answer questions concerning the legality of government employees writing letters of recommendation. Government ethics rules do not prohibit government employees from writing letters of recommendation. However, there are conditions that must be met if a government employee would like to use official stationery and his or her official title in the signature block of a letter of recommendation. In order for a government employee to write a letter of recommendation and to use his or her official title and official stationery, all of the following three conditions must be met. First, the letter has been requested by the individual, OR by a company or organization that is considering the individual for some type of position or benefit. Second, the government employee has personal knowledge of the ability or character of the individual. Third, the government employee has dealt with the individual in the course of Federal employment, OR the government employee is recommending the individual for Federal employment. No violation of 18 USC 1913, but there was a violation of an appropriations act provision.)

• Comp. Gen. Dec. B-262234, December 21, 1995 (Remarks made by a Fish and Wildlife Service employee at a press conference called to generate opposition to a pending amendment to the Clean Water Act tended to promote public opposition to the legislative proposal and hence violated the Department of Interior Appropriations Act restriction.)

• Comp. Gen. Dec. B-212235, November 17, 1983 (A Commerce Department official wrote an article and published it in Business America, a Commerce Department publication. The article explicitly urged readers to contact their elected representatives in Congress to support certain amendments to the Export Administration Act. GAO considered publication of the article sufficiently questionable to refer the matter to the Department of Justice.)

• Comp. Gen. Dec. • Comp. Gen. Dec. B-129874, September 11, 1978 (Discusses providing assistance to lobbying groups. Also, canned editorials and sample letters to the editor in support of Consumer Protection Agency legislation would have violated the publicity or propaganda provision, if they had been prepared.)

• 56 Comp. Gen. 889, August 10, 1977 (There is no violation if appropriated funds are not involved. A newsletter concerning the Clinch River Breeder Reactor Project contained material that would have violated the law if the newsletter had been financed in any way with appropriated funds.)

Non-Federal entities – attending NFE meetings & conferences in an official capacity

- 5 CFR 410.404 (when a government employee may attend an NFE conference as a training activity)

- JER 3-200a states: “Agency Designees may permit their DoD employees to attend meetings, conferences, seminars, or similar events sponsored by non-Federal entities in their official DoD capacities at Federal Government expense if there is a legitimate Federal Government purpose in accordance with 5 U.S.C. 4101 et seq. (reference (b)) and 37 U.S.C. 412 (reference (c)), such as training a DoD employee beyond maintaining professional credentials or gathering information of value to the DoD.”

- Part 2 of Appendix R (in the 256-page Appendices document) of Joint Federal Travel Regulation / Joint Travel Regulation reads in relevant part as follows:

  “A. General. A DoD civilian employee and/or a Uniformed Service member may attend and participate in conferences/meetings of recognized professional organizations to maintain and improve professional competency at GOV’T expense (including TDY expenses), subject to the availability of funds and the employee’s/member’s work responsibilities.

  B. Authority. Title 5 USC §4110 and 37 USC §412 authorizes conference attendance expenditures for meetings concerned with the functions and activities of the Uniformed Services/DoD AGENCY which contribute to improved conduct, supervision, or management of the component’s functions and activities are authorized as a necessary expense. This authority applies to attendance at technical, scientific, professional, or similar private membership non-Federal societies and organizations (38 Comp. Gen. 800 (1959) and 55 Id. 1332 (1976)). This authority is independent of the training authority included in JTR, par. C4630 and JFTR, par. U1050 unless it is administratively determined that training is the primary purpose of attendance at a meeting.

  D. Non-Government Sponsored Conferences

  …

Non-Federal entities – DoD Liaison

JER 3-201a

BULLET BACKGROUND PAPER

ON

SERVING AS A DOD LIAISON TO A NON-FEDERAL ORGANIZATION

PURPOSE

To provide guidance regarding the rules that apply to individuals serving as a DoD Liaison

DISCUSSION

- A commander may appoint an employee as a DoD Liaison to a non-Federal organization, if he or she determines that doing so would serve a significant and continuing DoD interest.

- Liaisons may officially represent DoD in discussions of matters of mutual interest.

- Liaisons represent the interests of DoD (not the interests of the non-Federal organization) in an advisory capacity.

- Liaisons should make clear to the non-Federal organization that the opinions they express do not bind DoD or AF to any action.

- Liaisons serve as part of their official duties and thus may use official resources (such as government time, GOVs, secretarial services, etc).

- Liaisons may not be involved in matters of management or control of the non-Federal organization (and therefore may not vote on such matters).

- If the name of the Liaison will be listed on the website or letterhead of the non-Federal organization next to the names of leaders of the organization, the term “DoD Liaison” should be placed next to the Liaison’s name.

- Liaisons may not officially endorse the non-Federal organization, or its events, products, services, or enterprises.
Liaisons may not participate in, or provide advice concerning, any efforts by the non-Federal organization to influence congressional action on any legislation or appropriation matters pending before the U.S. Congress.

-- Rationale: The DoD Appropriations Act for FY 2010, Public Law 111-118, Section 8014, states: “None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.”

Non-Federal entities – informing other DoD employees about NFE events

JER 3-208

Non-Federal entities – management positions

- On 19 Nov 96, the Office of Legal Counsel (OLC) of the Department of Justice issued an opinion entitled “Service on the Board of Directors of Non-Federal Entities by Federal Bureau of Investigation Personnel in their Official Capacities.” The opinion’s conclusion, which is stated on page 1 of the opinion, is as follows: “Section 208 of title 18 prohibits a government employee from serving on the board of directors of an outside organization in his or her official capacity, unless the service is authorized by statute or the employee obtains either a release of fiduciary obligations by the organization or a waiver of the requirements of section 208.”

- JER 3-202 (service in an official capacity)

Non-Federal entities – personal participation in NFE activities

- JER 3-300
- Mark Stone’s one-page, 12 May 11 document entitled “Participation by DoD Personnel in Non-Federal Entities (NFEs) in a Personal Capacity” (contains 28 legal authorities) (see below)
Participation by DoD Personnel in Non-Federal Entities (NFEs) in a Personal Capacity

- NFEs include private companies, non-profit organizations, and professional associations or societies. The term “NFE activity” includes routine meetings, membership drives, fundraising events, and conferences. Note: This paper mentions many of the rules on this topic (but not all).

It is permissible for you to do the following.

- Participate in NFE activities in your personal, off-duty capacity, if you act exclusively outside the scope of your official position. [DoD 5500.7-R, Joint Ethics Regulation (JER), 3-300a]

- Participate in the management of an NFE (e.g., as an officer, director or trustee) in your personal capacity. However, if you are offered a management position in an NFE because of your DoD assignment or position, you may not serve in that position, even in your personal capacity. [JER 3-301] Also, if you file a financial disclosure report (OGE Form 278 or OGE Form 450), you must report your service in the NFE in the following positions: officer, director, trustee, general partner, proprietor, representative, executor, employee or consultant. [5 CFR 2634.307(a) & .907(e)(1)]

- Use, or permit the use of, your military rank and branch of service (e.g., Colonel, USAF, or Colonel, USAF (Retired)) in connection with your participation in an NFE activity. [JER 2-304 & 3-300a(1)]

- Use official channels (e.g., informational memoranda) to notify other agency employees about an NFE activity. [JER 3-208] The notification must be purely factual, may not be an actual or implied official endorsement of the activity, and may not convey the impression that base leaders encourage or expect participation by employees. A 28 May 96 DoD/GC-SOCO memo states that “all words of praise for any non-Federal entity or event should be avoided in informational memoranda” and that “words such as ‘endorse,’ ‘support,’ ‘encourage,’ ‘recommend,’ and ‘urge’ should not be used.” Also, sending information by official e-mail must comply with your agency’s e-mail regulation.

It is not permissible for you to do the following (except where authorized by statute or regulation).

- Use your own official time to participate in an NFE activity (5 CFR 2635.705(a)), or direct or pressure subordinates to use official or personal time to support an NFE activity in which you are participating in your personal capacity. (5 CFR 2635.702(a), .705(b) & .808(c); JER 3-305b).

- Use govt. property or resources to support an NFE activity (5 CFR 2635.704), or use your official position or authority to coerce or pressure DoD contractors or their employees to support an NFE activity in which you are participating in your personal capacity. [5 CFR 2635.702(a) & .808(c)]
Use, or permit the use of, your official title or organization name (e.g., Director, Base Contracting Office) in connection with an NFE activity. [5 CFR 2635.702(b) & .807(b); JER 3-300a(1)]

Take any action that constitutes an express or implied endorsement by your agency of an NFE, or an NFE event, product, service or enterprise. [5 CFR 2635.702(c); JER 3-209; JER 3-210a]

Participate personally and substantially in a particular govt. matter in which an NFE has a financial interest (e.g., a decision on whether to provide support to an event by the NFE), if you are an officer, director, trustee, general partner or employee of the NFE. [18 USC 208(a); 5 CFR 2635.402]

Act as an agent for an NFE before any Federal agency (not just your own) in connection with any particular matter in which the U.S. Government is a party or has a direct and substantial interest (e.g., serving as the negotiator for an NFE in negotiations with a Federal agency). [18 USC 205; JER 5-403] This rule does not apply to enlisted military personnel. [18 USC 202; JER 5-403a]

Non-Federal entities – paying for organizational memberships with appropriated funds

- **AFI 65-601, Volume I**, Budget Guidance and Procedures, 3 Mar 05 (para. 4.44)
- In Chemical Safety and Hazard Investigation Board – Membership Fees, Comp. Gen. Dec. B-305095, dated 8 Dec 05, the Comptroller General stated:

> “The general rule regarding membership fees is that an agency may use its appropriation to pay for an agency membership in a private association when the membership furthers the purpose of the appropriation. The expenditure of appropriated funds to pay membership dues of federal employees in an organization, association, or society is generally prohibited by 5 U.S.C. Sec. 5946. However, the prohibition of 5 U.S.C. Sec. 5946 does not apply to memberships in an agency's name. In such cases, the payment of membership fees is proper if it would constitute a necessary expense. [Citations omitted.]”

- In Matter of Bureau of Land Management - Availability of Appropriations to Pay Expenses for Employees to Obtain a Certified Government Financial Manager Designation File, Comp. Gen. Dec. B-260771, 11 Oct 95, the Bureau of Land Management was advised it could not use its appropriations to reimburse employees for the cost of obtaining a Certified Government Financial Planner designation. The opinion likens the procurement of the designation to payment for professional licenses which may be necessary for an employee to qualify for and then satisfactorily perform government duties. Expenditure of appropriated funds in either case is prohibited.

- In Matter of Dr. Robert Gelber - Reimbursement of Medical Staff Dues, Comp. Gen. Dec. B-241706, June 19, 1991, the opinion addresses the U. S. Public Health Services claim for
reimbursement of Dr. Gelber's annual medical staff dues at a local hospital. Payment of the dues allows hospital staff privileges. Without the privileges, Dr. Gelber could not see patients related to his duties as a member of the PHS Commissioned Corporation stationed at Regional Hansen's Disease Center in San Francisco, California. The reimbursement was allowed because Dr. Gelber's medical staff privileges are essential to the agency's performance of its mission.

- In Matter of Defense Medical Systems Support Center - Health and Fitness Programs, Comp. Gen. Dec. B-240371, January 18, 1991, 70 Comp Gen 190, the Center contracted with a private fitness center to provide an exercise facility for its civilian and military employees. When the Center requested renewal of the contract, the request was denied prompting the Center's Director to request an opinion. HELD: The Center was not using appropriated funds to pay for membership and fees "in a society or association," a practice that violates 5 USC § 5946. Instead, the Center used the funds to provide memberships in a private facility, which was used in turn to provide a health fitness program, by contract, to the Center's employees. The activity is authorized by 5 USC § 7901, which does not conflict with 5 USC § 5946.

- In Matter of Coast Guard Membership Fees, Comp. Gen. Dec. B-221569, June 2, 1986, the Coast Guard was allowed to use appropriated funds to pay for agency membership in an unspecified "private organization." The opinion is important because it identifies two critical criteria. First, use of the funds for membership will be allowed if the agency can show that the benefit to be derived accrues to the agency as a whole, even if individuals within the agency receive incidental benefit. Second, appropriated funds can only be used if the agency can establish that the membership will “contribute substantially to fulfillment of its mission.” The opinion does not define “contribute substantially to fulfillment of its mission.”

- In Matter of Federal Law Enforcement Training Center, Comp. Gen. Dec. B-213535, July 26, 1984, The Director of the Federal Law Enforcement Training Center purchased a membership in a local Chamber of Commerce for $65.00 and sought reimbursement for the membership fee. The Director argued that he purchased the membership "for the benefit of the Center." No membership was procured in the name of the Center. HELD: Reimbursement is not authorized. "Payments must be made directly to a public creditor by an authorized disbursing officer of the United States out of public funds and no officer or employee of the Government can create a valid claim in his favor by paying obligations of the United States from his own funds.” While a membership in the name of the Center would likely be authorized because such a membership would further the Center's mission, membership fees may not be obtained in the name of employees, however, unless authorized by a specific appropriation, or the membership is part of an employee training program authorized by 5 USC 4109 & 4110.

- In Matter of Payment of Agency's Membership Fees in Private Organization, Comp. Gen. Dec. B-205356, July 23, 1982, 61 Comp Gen 542, the Commander of the Naval Air Development Center sought to use $100.00 of appropriated funds for membership fees in the Warminster (PA.) Rotary Club. The Commander was initially advised that use of appropriated funds for the membership was improper. He sought the opinion of the Comptroller General. HELD: The membership was to be taken out in the name of the Naval Air Development Center and not in the name of the Commander individually. The membership for the Center was deemed appropriate because the Commander established that the membership was necessary to carry out
the Center’s mission. The primary benefits of membership accrued to the Center and not to any individual and would contribute substantially to the Center effectively carrying out its mission.

- In Matter of State Bar Membership Fee, Comp. Gen. Dec. B-204215, 28 Dec 81, an estate tax attorney with the Internal Revenue Service may not be reimbursed his state bar membership fee. The membership fee is a personal expense incurred by the attorney to qualify for his government employment. [See Matter of Sharon Danic - Reimbursement of State Bar Membership Dues, Comp. Gen. Dec. B-204213, 9 Sep 81, for an opinion identical to B-204215.]

- In Matter of Department of Defense – Payment of Training Instructor’s Licensing Fees, Comp. Gen. Dec. B-201052, December 23, 1981, 61 Comp Gen 162, The Army Management Engineering Training Agency sought to pay licensing fees for its Methods Time Management (MTM) instructors. MTM is a non-profit corporation which provides biomechanics training. Its clients, such as the Army, were considered members of the "MTM Association." MTM collected a membership fee from its clients. As part and parcel of membership and payment of the fees, MTM provided instructor certification and training materials. If the fee isn’t paid, the training materials are not provided. DoD General Counsel argued that “because instructors must first be trained and certified by the MTM Association before they can train others, the licensing fee is directly related to the training of instructor and hence, the personnel of DoD.” HELD: The payment of the fee is a necessary cost directly related to the training itself within the contemplation of 5 USC § 4109(b).

- In Matter of Payment For Travel Club Membership Fees, Comp. Gen. Dec. B-103315, June 8, 1978, 57 Comp Gen 526, the San Francisco office of Housing and Urban Development requested reimbursement for Air Travel Club memberships. Specifically, HUD wanted to buy travel club cards that gave employees discounted fares when they flew between islands in Hawaii. Normally, these cards are purchased in the name of individual employees. However, one of the airlines agreed to provide the memberships to the agency. 5 USC § 5946 does not prohibit this practice.

- In Matter of Federal Mediation and Conciliation Service - Payment of Membership Dues, B-205768, March 2, 1978, the opinion addresses whether the Federal Mediation and Conciliation Service can spend appropriated funds for the membership dues of the Deputy Director in the Association of Labor Relations Agencies. The payment of dues was requested regarding an individual membership and not an agency or organization membership. Therefore, the payment is disallowed by 5 USC § 5946.

A DoD Standards of Conduct Office memo states:

“Consequently, as a prerequisite for confirmation and as a continuing requirement, military officers nominated for O-9 and O-10 positions may not participate in the management of or serve on the boards of directors of companies that do business with DoD or focus their business on military personnel. This applies to both compensated and uncompensated service. This requirement is in addition to the Deputy Secretary of Defense memorandum of July 23, 1996, which prohibits all military officers in grades O-7 through O-10 from accepting compensation for serving as an officer or member of the board of directors of any non-Federal entity other than professional associations and closely-held family entities.”

On 13 Aug 08, the Office of Legal Counsel (OLC) of the Department of Justice issued a 10-page opinion entitled “Applicability of 18 U.S.C. § 207(f) to Public Relations Activities Undertaken for a Foreign Corporation Controlled by a Foreign Government.” The opinion’s conclusions, which are stated on page 1 of the opinion, are as follows:

A foreign corporation is a “foreign entity” under 18 U.S.C. § 207(f) if it exercises sovereign authority or functions de jure or de facto.

A former official’s proposed activities are not prohibited by section 207(f)(1) if the former official does not provide those services on behalf of a “foreign entity,” regardless of whether the former official’s services incidentally benefit the foreign entity’s interests.

Where the former official does provide services on behalf of a “foreign entity,” the proposed public relations and media activities would fall within the scope of section 207(f)(1) if the former official acts with the requisite intent to influence a decision of an officer or employee of the United States Government.

On 22 Jun 04, the Office of Legal Counsel (OLC) of the Department of Justice issued an opinion entitled “Application of 18 U.S.C. § 207(f) to a Former Senior Employee.” The opinion’s conclusion, which is stated on page 1 of the opinion, is as follows: “18 U.S.C. § 207(f) prohibits a former senior employee of an Executive Branch department from representing a foreign entity before Members of Congress within one year of the termination of his employment.” This OLC opinion is discussed in OGE Informal Advisory Opinion 04 X 15.

“Government business shall be conducted in a manner above reproach and, except as authorized by statute or regulation, with complete impartiality and with preferential treatment for none. Transactions relating to the expenditure of public funds require the highest degree of public trust and an impeccable standard of conduct. The general rule is to avoid strictly any conflict of interest or even the appearance of a conflict of interest in Government-contractor relationships. While many Federal laws and regulations place restrictions on the actions of Government personnel, their official conduct must, in addition, be such that they would have no reluctance to make a full public disclosure of their actions.”

Prohibited personnel practices (PPPs)

5 USC 2302

Promotion ceremonies
• Religious content in promotion ceremony programs. On 9 Feb 06, the Air Force issued a one-page document entitled “Revised Interim Guidelines Concerning Free Exercise of Religion in the Air Force.” Here is an excerpt:

"Leaders at every level bear a special responsibility to ensure their words and actions cannot reasonably be construed to be officially endorsing nor disapproving any faith belief or absence of belief. In official circumstances or when superior/subordinate relationships are involved, superiors need to be sensitive to the potential that personal expressions may appear to be official, or have undue influence on their subordinates. Subject to these sensitivities, superiors enjoy the same free exercise rights as all other airmen."

• Prayer or moment of silence at a promotion ceremony. See pages 222-223 of the 2010 edition of The Military Commander and the Law.

• Printing invitations and programs. AFI 65-601, Budget Guidance and Procedures, Volume I, 3 Mar 05, para. 4.54.3, states:

“Printing of Invitations and Programs for Military and Civilian Retirements and Promotions. In recognition of technology advances, OSD(DA&M) 28 Aug 98 Policy Memorandum authorized the printing of business cards using personal computers, existing software, and agency-purchased card stock for official communications. For the same reason, that authority is extended to the printing of invitations and programs for retirement ceremonies. APFs are not authorized for the commercial printing, including DAPS, of invitations and programs for military and civilian retirements.”

• Using government postage to mail the invitations. DoD 4525.8-M, DoD Official Mail Manual, 26 Dec 01, para. C1.3 & C1.3.10, state:

“Appropriated funds may be used to pay the postage for official mail relating solely to the business of the United States Government. Thus, appropriated funds may be used [to mail]: ...Official announcements of official retirement, promotion, award, change-of-command, and ship commissioning or decommissioning ceremonies. The location and time of a directly related reception may be noted if it does not result in any increase in cost to the Government, and the notation does not include advertisement for or endorsement of any enterprise.”

• Using appropriated funds for refreshments. AFI 65-601, Budget Guidance and Procedures, Volume I, 3 Mar 05, para. 4.31, states in relevant part:

“Refreshments at Awards Ceremonies. Commanders may hold awards ceremonies for military members and civilian employees, including their families, friends, work associates, and union representatives.... The award being presented must be substantial in nature to qualify for the serving of refreshments. ...PCS, promotion, school graduations, recurring quarterly recognitions, commanders' call, and retirement ceremonies are not considered award ceremonies for the serving of refreshments using appropriated funds. [Bold text in original.]”

• Using non-appropriated funds. AFI 34-201, Use of Nonappropriated Funds (NAFs), 17 Jun 02, Table 12.1, Rules 11-13, authorize the use of Special Morale and Welfare (SM&W) funds to pay for certain items in connection with a promotion ceremony. Rule 11 authorizes the use of SM&W funds to pay for “insignia, stripes, and similar items.” Rule 12 permits the use of SM&W funds to pay for light refreshments (as defined in para. 12.4). And Rule 13 allows the use of SM&W funds to pay for a “corsage / boutonniere or memento for spouse of promoted individual.” AFI 34-201, Attachment 6, suggests that a promotion plaque is an appropriate item on which to spend SM&W funds.
Using government postage to mail a congratulatory letter. DoD 4525.8-M, DoD Official Mail Manual, 26 Dec 01, para. C1.4 & C1.4.7, state:

“Appropriated funds may be used only for official mail relating solely to the business of the United States Government. Thus appropriated funds may not be used to pay postage for: ...Personal congratulatory letters from one individual to another in a private capacity. This does not prohibit the use of appropriated fund postage by heads of staff agencies or commanders to fulfill their official morale and esprit de corps obligations to members of their organization or persons in their areas of technical responsibility. For example, sending congratulatory letters to people selected for advanced schooling, promotions, and letters of condolence are authorized.”

> “Subject to the right against self-incrimination and other Constitutional rights, Air Force military and civilian members have a duty to promptly report all allegations of wrongdoing to an appropriate supervisor or commander, the IG, an inspector, or through an established grievance channel upon becoming aware of the matter.”

Representation by Executive Branch employees before Federal agencies

- 18 USC 205 states, in relevant part:

> “Whoever, being an officer or employee of the United States in the executive, legislative, or judicial branch of the Government or in any agency of the United States, other than in the proper discharge of his official duties… acts as agent or attorney for anyone before any department, agency, court, court-martial, officer, or civil, military, or naval commission in connection with any covered matter in which the United States is a party or has a direct and substantial interest; shall be subject to the penalties set forth in section 216 of this title.”

- The term “covered matter” is defined at 18 USC 205(h) as follows:

> “For the purpose of this section, the term "covered matter" means any judicial or other proceeding, application, request for a ruling or other determination, contract, claim, controversy, investigation, charge, accusation, arrest, or other particular matter.”

- 18 USC 205 applies to military officers and Federal civilian employees, but not to enlisted military personnel. [18 USC 202; JER 5-403a]

- There is an exception for representation of certain non-profit organizations at 18 USC 205(d). There is an exception for representation of certain relatives at 18 USC 205(e).

- Exception for ministerial communications. There is a Department of Justice (DOJ) memorandum that discusses an exception to the representation ban for "ministerial communications." [DOJ Memorandum, Application of Federal Conflict-of-Interest Statutes to Federal Employees Working With or For Non-Federal Entities That Do Business with the United States , January 27, 1994] The DOJ memo gives examples of actions that would and would not violate the representation ban. The memo reads, in relevant part, as follows.

Examples of prohibited "representational-type activities" include: (1) signing agreements with the Department or any other federal agency; (2) signing reports, memoranda, grant or other applications, letters, or other materials (beyond the mere exchange of purely factual information or the expression of a wholly-routine request not involving a potential controversy) intended for submission to any federal agency or tribunal; (3) signing tax returns for submission to the Internal Revenue Service; and (4) arguing or speaking (in the sense of urging, advocating, or intending to influence) to any other federal employee who is acting in his official capacity or before any federal agency or tribunal for or against...
the taking or non-taking of any action by the United States in connection with any matter involving the non-federal entity and the United States. [DOJ Memo, page 10, footnote 56, italics in original.]

Section 205(a)(2) does not proscribe communications on behalf of a non-federal entity that are entirely ministerial in nature. Some examples of such communications might be: (1) conveying purely factual information; (2) merely delivering or receiving materials or documents; (3) answering (without advocating for a particular position) direct requests for information; (4) making wholly-routine requests that do not involve any potential for any controversy, dispute, or divergence of views between the agency and the non-federal entity (such as a request to use a meeting room); or (5) signing a document that attests to the existence or non-existence of a given fact (such as a corporate secretary's attestation that a given signature is valid or that a given person is authorized to bind or sign for the non-federal entity). [DOJ Memo, page 10, footnote 58, italics in original.]

- Exception for self-representation. OGE Informal Advisory Opinion 98 X 18, 16 Nov 98, page 1, states: “It is well settled that section 205 does not cover self-representation; rather, it is aimed at prohibiting representational activity on behalf of another.” OGE Informal Advisory Opinion 94 X 15, 28 Sep 94, page 1, states:

  “Because section 205 does not prohibit self-representation, an employee may represent his own views before the Government in connection with a particular matter even if those views are the same as those held by an organization in which the employee happens to be a member. However, the employee could not communicate those views to the Government as the organization's representative without running afoul of the prohibition in section 205.”

- 27-page OGE memo discussing 18 USC 209
- OGE memo DO-08-037, November 6, 2008, SUBJECT: Recent legislative activity affecting the executive branch ethics program

**Elements.** “Section 209 prohibits (1) an officer or employee of the executive branch or an independent agency of the United States government from (2) receiving salary or contribution to or supplementation of salary from (3) any source other than the United States (4) as compensation for services as an employee of the United States.” [**United States v. Raborn**, 575 F.2d 688, 691-692 (9th Cir. 1978).]

**Six factors for the fourth element.** OGE Memo DO-00-032, 7 Sep 00, states in relevant part:

“As OLC and OGE have noted on several occasions, section 209 can be viewed as having four elements: (1) employee status; (2) receipt of salary or any contribution to or supplementation of salary; (3) receipt of such salary, contribution or supplementation from a non-Federal source; (4) receipt of such salary, contribution or supplementation as compensation for services as a Federal employee. OLC states that the fourth element requires an “intentional, direct link” between the outside compensation and the employee's Government service. In some situations, however, intent to compensate for Government services may not be obvious. In cases where it is not otherwise clear that a particular payment is actually intended as compensation for an employee's services to the Government, the Memorandum articulates six factors that should be considered: (1) whether there is a substantial relationship or pattern of dealings between the agency and the payor; (2) whether the employee is in a position to influence the Government on behalf of the payor; (3) whether the expressed intent of the payor is to compensate for Government service; (4) whether circumstances indicate that the payment was motivated by a desire other than to compensate the employee for her Government service; (5) whether payments would also be made to non-Federal employees; and (6) whether payments would be distributed on a basis unrelated to Government service. OGE advises that agency ethics officials should consider these factors, none of which alone is necessarily dispositive, when there is a question as to the presence of the fourth element of section 209.”

**Gifts.**

“Section 209 does not prohibit gifts to government officers or employees. It may be debatable in a particular case whether a transfer of an item of value to the government employee was a gift or was a supplementation of the employee's salary 'for' his services. But to make out an offense under Section 209, it is essential to establish the linkage between the transfer of the thing of value and the services rendered.” [Citation omitted].

**Gifts.** OGE Informal Advisory Opinion 81 X 31, 2 Oct 81, states:

“It is always an issue under the facts of a particular case whether a transfer of an item of value to a Government employee is a permitted gift or a disguised prohibited supplementation of the employee's salary as consideration for his services. But to make out an offense under section 209, it is essential to establish the linkage between the transfer of the thing of value and the services rendered.” [Footnote omitted.]
• **Totality of the circumstances.** The totality of the circumstances must be examined in each case to determine whether a violation of section 209 has occurred. “No one factor is determinative. There need not be a connection between the payor and the payee's agency to make out a violation. Nor need the employee be in a position to influence the Government on behalf of the payor. All that the statute requires is that a Government employee receive outside compensation for his or her Government work, not that there be actual or apparent influence.” [OGE Informal Advisory Opinion 83 X 15, October 19, 1983]

Cir. 2010) (former Department of Interior employee accepts monetary award from the Project on Government Oversight (POGO) for work related to a *qui tam* action involving oil extracted on public lands and underpaid oil royalties owed to the Government)

• **United States v. Jackson,** 850 F. Supp. 1481 (D.Kan. 1994). Defendant Jackson worked as the administrator for Parkview Hospital in Topeka, Kansas. The hospital is a psychiatric facility. Jackson, with the help of marketing assistant Robert Martinez, bribed postal service employee Louis Garcia to refer patients to Parkview. Garcia was an employee assistance counselor with the Postal Service. Numerous counts of the indictment alleged violation of 18 USC 209 due to Jackson and Martinez aiding and abetting Garcia in supplementing his federal salary. HELD: The indictment was sufficient for alleging aiding and abetting despite the lack of specificity regarding mens rea elements.

• **Crandon v. United States,** 494 U.S. 152, 110 S.Ct. 997, 108 L.E.2d 132 (1990). Boeing Company, Inc. provided severance payments to five executives who terminated their employment in order to enter government service. The severance pay was calculated on the pay and benefits reduction that the individuals would sustain as a result of their prospective government employment. All payments were received prior to entering government service and there was no agreement that the employees would later seek reemployment with Boeing or that Boeing would rehire them. The government brought a civil action against Boeing and the individuals alleging violations of 18 USC 209. HELD: The provisions of 18 USC 209 do not apply to a severance payment that is made to encourage the payee to accept government employment, where the payment is made before the payee becomes a government employee.

• **United States v. Oberhardt,** 887 F.2d 790 (7th Cir. 1989). Appellate Court affirmed the conviction of a section 209 violation. Defendant was a partner in a defense industry consulting firm who paid $200 to an Army clerk in order to obtain an advanced copy of the Federal Supply Code for Manufacturers list. The Court determined that the defendant believed that the clerk was acting within the scope of his employment at the time the payment was made.

• **United States v. Martel,** 792 F.2d 630 (7th Cir. 1986). Appellate Court affirmed the conviction under 18 USC 209. Defense contractor paid airfare and accommodations for an Army employee to attend seminar.

• **United States v. Raborn,** 575 F.2d 688 (9th Cir. 1978). Defendant was an employee of the Postal Service who received gifts from corporations doing business with the Postal Service. On appeal, the defendant alleged that his Fifth Amendment rights were violated and the court had provided erroneous instructions to the jury. HELD: No error was shown either pre or post trial.
Jordan v. Axicom Systems, Inc., 351 F. Supp. 1134 (D.D.C. 1972). Former chief of the Tire Branch, National Safety Bureau of DOT agreed to an employment contract with a private company while still employed by the government. The defendant agreed to use his knowledge regarding pending tire legislation to assist his private employer in securing business from tire manufacturers. The defendant worked for Axicom for 20 months and was fired. He then sued Axicom in order to enforce his employment contract. HELD: An arrangement of this kind is not only unethical but also a clear violation of 18 USC sections 208 and 209.

Exchange National Bank of Chicago v. Abramson, 295 F. Supp. 87 (D. Minn. 1969). Court denied Bank's petition to bar State court-appointed receiver from prosecuting civil suit. Bank alleged that the receiver, who had been hired as a "special employee" by the Department of Justice in connection with the prior criminal prosecution, had violated the provisions of 18 USC 209. Court held that the receiver qualified for the exception of section 209 as a "special employee" since he actually worked and was compensated for only 90 days.

Seasonal greeting cards

AFI 65-601, Volume I, Budget Guidance and Procedures, 3 Mar 05 (para. 4.36.2)

Bullet Background Paper on Seasonal Greeting Cards

Comptroller General (Comp. Gen.) guidance

- Comp. Gen. Decision B-247563.8, dated 11 Dec 96, states: “Christmas greetings. During the period covered by the IG's review, the Medical Center used its appropriation to purchase Christmas cards and stamps. According to the Medical Center Director, VA sent Christmas cards to service organizations, other VA medical centers, state medical facilities, and others for the purpose of
enhancing the relationship between the Medical Center and these organizations. We have long held that the cost of holiday greeting cards is a personal expense of the officer who authorizes their use, even where the agency's name rather than the officer's name appears on the card. See, e.g., 64 Comp.Gen. 382 (1985); 37 Comp. Gen. 360 (1957). Both cases specifically rejected the argument that objectives such as engendering goodwill or ensuring the recipients' cooperation justified using appropriated funds for this purpose. Therefore, the cost of Christmas cards and stamps was not properly charged to VA's medical care appropriation.”

**DoD guidance**

- On 29 Nov 99, the DoD Standards of Conduct Office issued SOCO Advisory 99-08. Para. 3 states: “Seasonal Greeting Cards. Every year at this time a few hard-charging DoD employees determine that it would benefit their organization to send out seasonal greeting cards to its employees, contractors, suppliers, Congressional supporters, and others. Please don't! Seasonal greeting cards may not be purchased, printed, or mailed with appropriated funds, official representation funds (ORF Funds), or nonappropriated funds.” [Underlining in original.]

- DoD 4525.8-M, DoD Official Mail Manual, 26 Dec 01, paragraphs C1.4 & C1.4.9, state: “Appropriated funds may be used only for official mail relating solely to the business of the United States Government. Thus appropriated funds may not be used to pay postage for… Personal mail, holiday and birthday greetings, unofficial retirement announcements, and similar material. However, activities may use appropriated fund postage for holiday greetings when international diplomacy dictates.”

- DoD Instruction 7250.13, Use of Appropriated Funds for Official Representation Purposes, 30 Jun 09, Enclosure 3, paragraph 4a(2)(d), states that official representation funds (ORFs) shall not be used to pay for “holiday or greeting cards.”

**Air Force guidance**

- Air Force Instruction (AFI) 65-601, Budget Guidance and Procedures, Vol. I, 3 Mar 05, para. 4.26.2, states: “…[D]o not use APFs [appropriated funds] to purchase or mail seasonal greeting cards.” Para. 4.36.2 of this AFI states: “Seasonal greeting cards… are a personal expense to be borne by the persons who ordered and sent them; do not charge their cost to public funds.”

- AFI 65-603, Official Representation Funds, 24 Aug 11, paragraphs 7.2 & 7.2.10, state that ORFs may not be used for “seasonal greetings and calling cards.”

- AFI 34-201, Use of Nonappropriated Funds (NAFS), 17 Jun 02, paragraphs 4.2 & 4.2.17, state that nonappropriated funds may not be used for “[p]rinted personal or organizational greeting cards, business cards, or holiday cards, or stamps to mail such cards.”

**Propriety of Official Travel**

- This paper provides guidance for DoD/AF personnel on when TDY travel is authorized.
- The Joint Federal Travel Regulation (JFTR) applies to DoD military personnel. JFTR paragraph U2000B states: “Each Service must: 1. Authorize only travel necessary to accomplish the GOV’T’s mission effectively and economically. 2. Establish internal controls to ensure that only travel essential to the GOV’T’s needs are authorized.”

- The Joint Travel Regulation (JTR) applies to DoD civilian employees. JTR paragraph C4405, which is entitled “Justification,” states:
  
  1. A TDY assignment may be authorized/approved only when necessary ICW [in conjunction with] official DoD activity or GOV’T business.
  2. Travel must be planned and scheduled to accomplish multiple objectives whenever possible.
  3. Procedures must be in place to evaluate TDY requests to ensure that the:
     a. Purpose is essential official business;
     b. Objective cannot be satisfactorily accomplished less expensively by correspondence, teleconferencing or other appropriate means;
     c. Duration is no longer than required; and
     d. Number of persons assigned is held to the minimum.
  4. TDY travel should not be authorized for secretaries, or clerical personnel when such services are available at the TDY site, unless essential for mission accomplishment.

- JTR paragraph C4415, which is entitled “TDY Assignment Selections,” states: “Employee selection for a TDY assignment must be based on official necessity and qualifications of the individual to best perform the service required.”

- Air Force Instruction 65-103, Temporary Duty Orders, 5 Aug 05, paragraph 2.1.2, states:

  Determine the need for TDY. Temporary duty is conducted to meet mission requirements only. Do not permit travel when a letter, telephone, message, or less expensive means will do. Keep the number of people who must travel to a minimum; for example, never allow two or more persons to travel when one person can do the job. Determine if personnel near the temporary duty station can do the job. Combine missions to carry out multipurpose results, thereby cutting unnecessary trips, number of persons traveling, places to be visited, variations in itineraries, and length of trips. Keep personnel participation at conferences, meetings, and seminars to a minimum when travel is at government expense (including nonappropriated funds) and does not relate directly to the accomplishment of the mission…. Review and reauthorize, if needed, blanket and repeated travel orders. Ensure travel is kept to the minimum necessary to carry out command or unit mission. Screen requests for foreign travel to keep U.S. attendance at foreign conferences to minimum….

- Note: Although the JFTR and the JTR use slightly different language when discussing the justification of official travel, I interpret the regulations as having the same standard.
